# Your Partner in Regulatory Excellence

## Ensuring Compliance. Expanding Horizons.

**Expert Guidance:** Stay ahead of the curve with our extensive knowledge of international food and cosmetics regulations. We continuously monitor changes in regulations, ensuring your products always meet legal compliance standards.

**Quick Market Access:** Gain a competitive edge with our streamlined processes. Accelerate your product launch timelines and seize opportunities swiftly.

**Bespoke Solutions:** We understand that each client and product is unique. That's why we tailor our regulatory solutions to meet your specific business needs. Expect personalized strategies that ensure regulatory success.

**Risk Mitigation:** Protect your brand and bottom line with our risk-based approach. Non-compliance can tarnish your reputation and result in financial losses. We mitigate risks by implementing robust compliance measures that prioritize safety and regulatory adherence.

**Effective Strategies:** Our goal is to optimize your compliance strategy, reducing bottlenecks and preventing costly errors and delays. Trust us to tailor solutions that maximize efficiency and minimize hurdles.

**Global Reach:** Expand your business across international markets with confidence. Our expertise spans the globe, offering comprehensive regulatory support wherever your ventures take you. We're your one-stop shop for seamless regulatory compliance.

# Regulatory Services

## Food/Food Supplements/Cosmetics

### **Marketability Check**

Formulation assessment in line with local regulations in terms of ingredients used, concentration levels, additives, novel status and medicinal status.

*Cosmetics: EU and UK cosmetic regulations, with consideration to ingredient restrictions.*

### **Product Labelling**

Legal labels, compliant with mandatory requirements as per Regulation (EU) No. 1169/2011 on Food Information to Consumers and other EU and national legislation.

*Cosmetics: per Regulation (EC) No. 1223/2009 on Cosmetic Products.*

### **Product Claims Review**

Review and development of product claims in alignment with Regulation (EC) No. 1924/2006 on Nutrition and Health Claims.

*Alignment with Regulation 655/2013 on cosmetic claims. Creation of cosmetic claim justification files or liaising with external testing labs to conduct independent studies.*

### **Safety Assessment and PIF**

*Cosmetics: creation and management of safety assessments and Product Information Files.*

### **Localisation and Notifications**

Label translations and product notifications in all EU member states and beyond.

*Cosmetics: Product notifications in EU (CPNP) and UK (SCPN).*

**ADVANTAGE**

## **Additional Services** **Evaluations/Training/Registration**

### **Borderline Evaluations**

We offer thorough assessments of your products and target markets to determine the appropriate categorization and strategic direction.

### **Bespoke Training**

At your request, we provide tailored training sessions for your internal teams covering various topics related to food, cosmetics, and pharmaceutical regulatory affairs.

### **Authority Challenges**

From border control to national regulatory authorities overseeing product safety and compliance, we provide support and intervention in addressing any issues or complaints.

### **Medicines Registration**

Our dedicated regulatory teams, equipped with extensive experience in pharmaceuticals, specialize in preparing and facilitating submissions for obtaining new national registration licenses for herbal medicines.
